

# C programming Assignment 7

Aayush Shethiya

August 2025

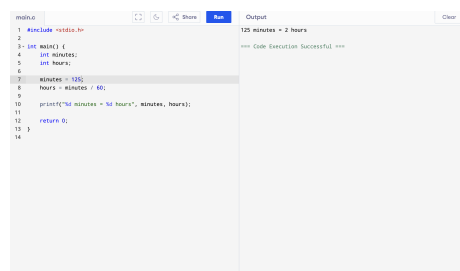

```
#include <stdio.h>

int main() {
    int minutes;
    int hours;

    minutes = 120;
    hours = minutes / 60;

    printf("%d minutes = %d hours", minutes, hours);

    return 0;
}
```

A screenshot of a code editor window showing a C program and its output. The code is as follows:

```
1 #include <stdio.h>
2
3 int main() {
4     int minutes;
5     int hours;
6
7     minutes = 120;
8     hours = minutes / 60;
9
10    printf("%d minutes = %d hours", minutes, hours);
11
12    return 0;
13 }
14
```

The output window on the right shows:

```
120 minutes = 2 hours
*** Code Execution Successful ***
```
